About The Giving Fund

A registered nurse and caregiver at heart, Deb Mumma was diagnosed with stage IV breast cancer. As she fought for her life, her husband Ron was diagnosed with leukemia and lost his battle in 2012.

During this most difficult time in her life, Deb felt grateful for the love and support she received from her family, friends, and community. She wanted to be an advocate for others living with cancer. Her dream was to create a foundation that would provide care and support to others battling cancer. In February 2016, The Giving Fund, a non-profit organization, was born of her vision and desire to help others in our community.

The Giving Fund offers support and financial assistance to people facing all types of cancer right here in our community. It provides necessary resources to help make their lives a little bit easier so they can focus on treatment and fighting for their lives. Although Deb has been gone since May 2016, her legacy of care and compassion endures through The Giving Fund.

*Thank you for supporting
our local cancer patients and their families!*
